To: All the State and Local Governments of the United States of America

We are touching base with you again to let you know that for the very first time, we brought out this month of March, the story of the **H. MARTIN FOUNDATION Far East Humanitarian Services** (HMF) in a form of a LETTER. [LINKED to this LETTER are Historical Bank Documents, some recorded in the United States Treasury to show "PROOF OF FUNDS" or show the H. MARTIN FOUNDATION's CAPABILITY to FUND humanitarian programs and projects globally.](#) You will also find [LINKED in this LETTER, Videos of the different Programs and Projects](#) the H. MARTIN FOUNDATION envisioned for the people and how it can effectively be implemented. So please don't miss to open any of the 37 LINKS attached to it, after you have read the whole LETTER. <http://www.hmartinfoundation.org/SeekersofTruth.html> (link) or go to www.hmartinfoundation.org and click on the LETTER Seekers of Truth and Justice.

The best part of what I'm going to tell you is that, we are now very much ready to bring out the **FUNDS** with the initial use of the Founder's assets in CHINA. As we all know, CHINA's economy has been very good for the last couple of years. In fact I was invited last November of 2013 to a Table Top Meeting in Hong Kong by a Governor Inspector General of an International Organization for Economic Development recognized by the United Nations, to facilitate the redemption with the committee assigned by the Chinese Government, one of the CHINA assets of the Founder of HMF Abba Martin Eddy Hornido Tirwatadinata. A Liberty Bond (CHINA) showed and linked to my LETTER, which was verified as REAL. I received also several communications from bankers here in California and Switzerland, their interest to connect me with some buyers from around the globe to buy this Liberty Bond asset of the H. MARTIN FOUNDATION.

My only concern in this situation is [how are we going to spend the interests from the proceeds? IF we \(the Founder and I\) decide to go with the redemption process since the Government of China \(since 2006\) would like to give up all their US Treasury Notes in exchange of the Founder's assets in China.](#) The interests alone once the proceeds are placed in an investment program will be in the hundreds of billions of dollars. For just this one particular Bond linked to my LETTER, an estimated amount of 75-100Billion (USD) dollars was given. [We need to prepare the "baskets" / projects that will provide services and create jobs in collaboration with the different States and Local Government such as with your state or city.](#)

Our "HMF MODEL PROJECT" is the [H. MARTIN Global Community Center \(plus the name of your city or community\)](#), an "HMF Humanitarian Services Mall" where different humanitarian agencies will be housed inside. [We need your cooperation to spread the good news to the different City Mayors and Council Members, so they can plan and prepare this MODEL PROJECT that will provide the different services and create employment opportunities](#) in collaboration with existing humanitarian agencies and charitable organizations already licensed to operate. [Everyone involved from the Project Leaders, Administrative Staff and Volunteers will receive honorarium / salary with complete benefits. All the State and Local Government's salary and benefits will also be augmented.](#)

[There is a need also to prepare the PEOPLE / PROJECT LEADERS who will implement and provide the different humanitarian services for the benefit of all families in their cities. The only requirement we are asking from the State / Local](#)

Government and Participating Humanitarian Organizations is to ALIGN with the VISION of the H. MARTIN FOUNDATION Far East Humanitarian Services. For one, all Participating Project Leaders must create a "ONE BUDGET PER ONE MODEL PROJECT" so there is uniformity in the implementation of the programs and projects, and to standardize and streamline the FUNDING process.

The H. MARTIN FOUNDATION CANNOT START to bring out the FUNDS when PROJECTS are NOT ready, because these funds will just be sitting in the banks.

When this happens, the bankers will be the one to use these funds which is what is happening currently in our economy. The bankers opted to invest the funds created through Quantitative Easing, in commodities such as corn, sugar etc. for fast and higher returns. This causes the increase in prices of products for the consumers or decrease in the packaging of end-products for the people just to maintain the price that is affordable. The result has a negative impact on the people, which is the reason why the voice of the people is also needed NOW, to CLAMOR the Government of the United States to collaborate for the establishment of the H. MARTIN FOUNDATION Far East Humanitarian Services USA. for the upliftment of their standard of living.

To hasten the preparation of the PROJECTS and the PEOPLE, thus creating many employment opportunities and availability of humanitarian services all over the United States, "WE NEED THE VOICE OF THE PEOPLE" to CLAMOR the Government of the United States of America, to COLLABORATE with the H. MARTIN FOUNDATION Far East Humanitarian Services in the establishment of the International Main Headquarters, the H. MARTIN FOUNDATION Far East Humanitarian Services USA., with branch offices in your state, cities and communities. This will immediately create many employment opportunities in many different fields, and ease the burden of many individuals and families when services such as Childcare, Before & After School Programs, Complete Scholarship Programs are provided as part of the people's benefits.

Time is of the essence and your full cooperation is very critical, so your city or state can be one of the first to receive FUNDING because of your leadership, advance preparation and collaboration. This is also your chance to show not only to the people in your city or state but to all the people of America, your awe-inspiring leadership, when your city or state becomes the first "MODEL CITY PROJECT" and "MODEL STATE PROJECT" because of your participation, advance preparation and performance.

Sincerely yours,

Ms. Flor Lat Villapando
Vice-World Chairman, Treasurer
& Controlling Officer, HMF-USA.

**What : H. MARTIN FOUNDATION Far East Humanitarian Services ("HMF")
Collaboration with the Local Government and Project Leaders**

PURPOSE: To get the cooperation of the Local Government in the creation and development of the "*Preliminary HMF Humanitarian Collaborative Agreement*", commonly known as a Memorandum of Understanding that will start-up the relationship between the **H. MARTIN FOUNDATION Far East Humanitarian Services** and the Local Government in the eventual realization of the *HMF MODEL CITY PROJECTS and HMF MODEL COUNTY PROJECTS*.

MISSION: To help uplift the standard of living of the American people through the FUNDING by the H. MARTIN FOUNDATION of programs and projects that will **provide services and create jobs** that is very much needed now by the people.

The HMF FUNDING is **NOT** a loan or a government grant or a donation. The FUNDS are privately owned and is clean, clear and of non-criminal origin, very much recognized by the highest monetary authorities and the United States Government. In doing so, **in Collaboration with the Local Government**, HMF is ready to provide 100% FUNDING with the following considerations:
