The Honorable Hillary R. Clinton
Secretary of State
U.S. Department of State
2201 C. Street NW
Washington, DC 20520

Dear Madam Secretary,

The rapid and continued spread of anti-American protests worldwide prompted me to write you at this time, to re-introduce the H. MARTIN FOUNDATION Far East Humanitarian Services directly to you.

The H. MARTIN FOUNDATION Far East Humanitarian Services (HMF) has physical assets of great magnitude, as well as significant depository assets in the different banks and countries of the world. The H. MARTIN FOUNDATION wants to be structured as a Worldwide Humanitarian FUNDING Institution in collaboration with the Government of the United States of America, to FUND and implement humanitarian programs and projects that will provide services and create employment opportunities globally, to start here in the United States of America.

The plan is to establish the International Main Headquarters to be called H. MARTIN FOUNDATION Far East Humanitarian Services USA. (H. MARTIN FOUNDATION Far East Humanitarian Services and Government of the United States of America) and set up branch offices in every state, county, city and community. This can commence with an Executive Order from the President, to be approved by Congress.

In the COLLABORATION, we will discuss the over-all GLOBAL PROGRAM of the H. MARTIN FOUNDATION Far East Humanitarian Services as follows:

(Written in BLUE for National / Federal Government. Written in BLACK for National / Federal, State and Local Government)

- How we (HMF + Government of the United States of America = HMF-USA.) can strategically work together in the setting up of the H. MARTIN TRUST (HMF Doctrine no. 5) based on the position of the assets (physical and depository assets) of the Founder/World Chairman of HMF, Abba Martin Eddy Hornido Tirwatadinata, in the different banks and countries of the world such as China, Japan and Korea, etc. in Asia, Russia, London, Germany, Switzerland, Canada, Australia, Middle East countries such as Dubai, United Emirates, Saudi Arabia, Iraq etc.(more than 100+ countries);
- How we (HMF + Government of United States of America = HMF-USA.) can strategically work together to place these assets in an investment program and utilize 100% of the interest to fund projects for the good of mankind, without touching the principal to make it in perpetuity and not destabilize any monetary system in the world; (Please read the HMF Doctrine, no. 5 and no. 6 in the HMF website)

- ❑ How we (HMF + the Government of the United States of America = HMF-USA.) can **globally implement in a precise, smooth and orderly manner, the different humanitarian programs and projects that will provide services and create jobs essentially in every field** all over the United States of America initially, involving the government from the national/federal, state and local government, NASA (her function on environmental protection and/or preservation and provision of needed modern communication, machinery, equipment and experts in connection thereto etc.. HMF Doctrine no. 3), men/women in uniforms and existing charitable and faith-based humanitarian organizations, etc.;
- ❑ How we (HMF + the Government of the United States of America = HMF-USA.) with **the active involvement of the State and Local Government + existing organizations and grassroots, can strategically assess the needs of their community to determine the types of project that will ultimately be funded and implemented in their state / community.** Please see the "HMF Vision on the Process of Funding" in the attached H. MARTIN FOUNDATION Vision on Project Implementation brochure.
- ❑ How we (HMF + Government of the United States of America = HMF-USA.) can work together for **HMF to generate funds only on the basis of redemption** of values of actual production (goods and/or services) in order not to disturb more so destabilize, the monetary system of any country in the world. (Please see HMF Doctrine no. 6)
- ❑ How the **Government of the United States of America will play a key role in these humanitarian efforts with/of the H. MARTIN FOUNDATION, Far East Humanitarian Services, and improve international relations, foster positive social change, world peace and prosperity.** Everyone involved will be compensated;
- ❑ **How the H. MARTIN FOUNDATION Far East Humanitarian Services can help in strengthening the US dollar;** and most especially,
- ❑ **How the H. MARTIN FOUNDATION Far East Humanitarian Services can help the United States of America to remain in its position as a world leader and preserve its sovereignty.**

Most of the HMF Founder and World Chairman's assets has become an integral part of the Central Bank of more than 100+ countries worldwide. Once the H. MARTIN FOUNDATION Far East Humanitarian Services USA. is established, we can use the Founder's assets as leverage in whatever negotiations the Government of the United States of America will do to achieve its goals, as long as it is in alignment with the H. MARTIN FOUNDATION's Vision, especially in countries such as China, Korea, Japan, Russia, Germany and most countries in the Middle East. The Founder and World Chairman will confirm his assets and the H. MARTIN FOUNDATION as the beneficiary of the proceeds of these assets as we consummate the collaboration with each and every country, gain their cooperation and respect as we help them develop their country by creating jobs for their people when we fund and implement humanitarian programs and projects under the global banner of H. MARTIN FOUNDATION Far East Humanitarian Services **USA.**

The United States of America has so much to benefit in this collaboration with the H. MARTIN FOUNDATION Far East Humanitarian Services. We will invite all previous Presidents of the United States of America like your husband, to serve in the Advisory Board Members of HMF-USA., previous Senators and Members of the House of Representatives to serve in the Supervisory Board Members of HMF-USA. which is going to be the International Main Headquarters of the H. MARTIN FOUNDATION Far East Humanitarian Services.

For all the current members of the United States Congress who can help pave the way in our humanitarian efforts through the laws and legislation, projects and budgets that will pass the approval of Congress, HMF-USA. will compensate them

for their efforts. This is of course salary/honorarium with complete benefits that can compete with Jay Leno's and most basketball players pay, so anyone who would like to run for President among our government officials can afford to do so using their own money. Anyone who gets elected for President will be able to make a sound decision for the good of the people and not be influenced by the favor and gratitude they have to repay their donors. We are not only creating jobs for the working poor and middle class but also for all previous government officials who have finished their term from the top-most level of government to the state and local government such as Governors, Mayors and councilmen as HMF-USA. State or City Advisory and Supervisory Board Members whose knowledge and experiences can now be utilized in humanitarian, for the good of the states and cities they once served.

The United States Government will only be dealing with two registered physical owners of the H. MARTIN FOUNDATION Far East Humanitarian Services, the Founder and World Chairman Abba Martin Eddy Hornido Tirwatadinata who is also the Sole Funder and Sole Signatory of the Funds and Ms. Flor Lat Villapando, the Vice World Chairman, Treasurer and Controlling Officer of all generated assets and activities of HMF-USA. to whom GOD has given the over-all Global Program of the H. The Founder / World Chairman, Sole Funder and Sole Signatory of the Funds of the H. The Founder of H. MARTIN FOUNDATION Far East Humanitarian Services has approved to **FUND** the following initial projects and programs, which **will create jobs essentially in every field**, all over the United States of America. Once a project is FUNDED by HMF, **all project staff and volunteers will receive salary / honorarium with complete benefits.** All services to be provided as a result of the implementation of the projects below, will become part of the benefits of the people. This is to encourage everybody to go to work especially those who are on welfare.

With unemployment on the rise and educational costs at an all-time high, H. MARTIN FOUNDATION's FUNDING of the above Programs and Projects is the **SOLUTION** to the global economic crisis the United States of America is facing. The Infusion of fresh new funds by the H. MARTIN FOUNDATION Far East Humanitarian Services in the US economy, through the FUNDING of humanitarian programs and projects will surely create financial stability, which is critical to the national security and economic interest of the United States of America. When we implement the programs and projects worldwide, this would mean stability of the global financial system.

The H. MARTIN FOUNDATION Far East Humanitarian Services is very much ready to present a **GOD-given GLOBAL PROGRAM** that will address all the different

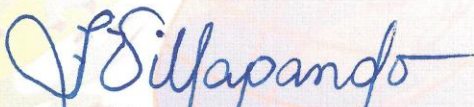

topics for collaboration mentioned above, to bring **SOLUTION** to the current economic crisis the United States of America is facing and ultimately curtail all the problems of our world, from terrorism, espionage, organized crimes, robberies, smuggling, illegal arms and drug deals, illegal possession of firearms, kidnappings (missing children / women), human trafficking (sex slavery / selling of body parts), prostitution, pornography, abortion, deadbeat parents, poverty, cleaning up of land mines / toxic wastes / pollution, global warming / cooling, after-effects of natural disasters such as earthquakes, tsunamis, wildfires, tornadoes, hurricanes, etc., Bank / Mortgage frauds, Insurance frauds, Medical-Medicare frauds, Department of Social Security frauds, Department of Motor Vehicle frauds, Department of Immigration and Naturalization frauds, Register of Deeds Department frauds, etc., illegal immigration, election frauds, diversion of campaign funds, tax evasion, money laundering / counterfeiting and many others. All the above problems will initially be prevented and eventually will be eliminated.

In our quest to alleviate and eventually eradicate the above-mentioned problems, we will be **creating jobs essentially in every field** (even jobs for our men and women in uniforms, NASA, etc.), which will give hope to everyone knowing that opportunities are there to attain their American dreams while still young to enjoy them. Everybody will be encouraged to undergo training and pursue higher education to get their dream job, which the H. MARTIN FOUNDATION's programs can provide. The people will receive the services HMF's programs will provide, such as Free Childcare, Free Before / After School Programs and Complete Scholarship Programs as part of their benefits to encourage everybody to go to work especially those who are on welfare. All projects including research on cure of diseases and development for the good of mankind will be **FUNDED** one hundred percent (100%) by the H. MARTIN FOUNDATION Far East Humanitarian Services.

I am requesting you to please stand behind the establishment of the H. MARTIN FOUNDATION Far East Humanitarian Services USA. in collaboration with the Government of the United States of America, and urge you to bring this to the attention of the President and Congress.
