

Paradigm Shift in the H. MARTIN FOUNDATION's Funding Process

Solution to Economic Problems: CREATION OF JOBS through the Implementation of Humanitarian Programs & Projects to be funded by HMF

What do you have to do to get a government grant?

- You must make an application, and submit your project proposal.
 - A long and arduous process with no guarantee of approval
 - Too much competition because of limited funds
- The government has regulations and terms for you to get the grant. You don't have any say in the terms or conditions. "Take it or leave it".
- Even if a grant is approved, you may get a lesser amount than you applied for and it could take months to actually receive the funds.
- Government grants are limited. Funding is based on available budget designated for the city or community. (This creates competition against all of the other project holders who are trying to get a portion of the same funds.)
- Even if you get the grant, you must reapply again the following year and go through the entire process again with no guarantee of receiving the needed amount.

What do you have to do to get donations or raise funds?

- You must file as a 501(c) 3 organization.
- You must make your organizations and its purpose known to your community which requires time, money and efforts.
- Your operation is limited by the amount of donations you receive
- The future capability of your organization is limited at best because of the uncertainty of the amount and flow of raised funds.
- A large portion of your time is spent in fund raising instead of your time being dedicated to your project
- So many fees to pay such as consultant fees, venue fees, and other expenses for fund raising events

What do you have to do to be funded by the H. MARTIN FOUNDATION?

- Align your organization with the Vision of the H. MARTIN FOUNDATION
- Think in terms of unlimited funds but limited time.
- Free yourself from being concerned about your operational expenses such as: salaries and benefits for administration staff and volunteers, facilities, office equipment, training, transportation, etc. when you implement your project all over the United States of America, and other countries thereafter.
- Switch from the idea of submitting your project proposal to LEADING it.
- Have the mind set of cooperation instead of competition. (Instead of competing against other organizations, work with them to develop a "complete Model Project" to come up with "One Budget"). This is to streamline the HMF's funding process.
- Organize the people in your groups to do their Petition for the establishment of HMF in collaboration with the US Government in your state, city, or community, which is in the HMF website.
- Be confident that your efforts based on your performance will result in your project being funded perpetually and an appointment to a Position of Trust in the H. MARTIN FOUNDATION, the FUNDING entity.
- ONCE YOU PARTICIPATE AT THIS TIME to create a wholistic MODEL PROJECT in the area of Education, Health, Housing, Livelihood, etc.
 - Your project will be among the first to be funded without worrying about your administrative and operational expenses. The funding by HMF includes salary with complete benefits for ALL volunteers and administrative staff. The implementation of your projects through the FUNDING BY HMF, WILL CREATE THE MUCH NEEDED JOBS ALL OVER THE UNITED STATES OF AMERICA.
 - You will receive all benefits afforded to all HMF family members, such as Free Childcare and Before / After School Programs and Scholarship Program to all members of your family, complete healthcare benefits, etc.
 - You may serve as one of the spokespersons of the MODEL PROJECT you co-created.
 - You can earn a POSITION OF TRUST in the H. MARTIN FOUNDATION as:
 - ☞ Member of the "Screening Committee" for future project leaders with the same or similar projects. (You know what works and what doesn't work) or
 - ☞ Supervisory or Advisory Board Member for that particular project you co-created or
 - ☞ Be a part of the HMF Decision-Making Body on the allocation of funds for the projects depending on the needs of the community. You will have a voice as to how HMF funds are going to be disbursed and in setting up the standard terms and conditions, procedures and regulations based on your experiences in the implementation of your project.
 - ☞ NOW IT'S YOUR CHOICE. Here is a God-given opportunity for you to rise up as a Humanitarian Leader and be a part of the International Main Headquarters of HMF.
- You can now fully enjoy running your organization and focus not only on providing quality services to help people, but also creating jobs when you implement your dream project globally.

THINK ABOUT IT!! Regardless of the methods you undertake, you will have to put in a lot of time and effort. (i.e. WORK).

But...the question is, which end result do you want in return for your efforts? **YOU CHOOSE!!!**
