Your Monthly Update

SPRING HAS SPRUNG!

Finally dear humanitarian friends, it is with great pleasure we announce the release of H.MARTIN FOUNDATION's programs and job opportunities to the public, on our website at www.hmaringfoundation.org.

Now that you know, we want you to be among the first to enjoy the many services and opportunities offered by HMF. Once you're signed up, be sure to spread the word to your family, friends and communities you serve. Remember, "a good exercise for the heart is to bend down and help another up." It will speak for your humanitarian heart.

There's no better time than now to introduce our programs to the public and get the interest list to determine the needs. Let's do our part so we can begin the implementation on a global scale as soon as possible.

Welcome to the next phase of our humanitarian collaboration!

Help is Here!*

We stand in awe to see come into fruition, that which was spoken of by those gifted with spiritual insight over the years. This is a spiritual program, now materializing in our days and before our very eyes. Guess what? We don't only get to see it happen, we get to be a part of God's Ultimate Program to bring paradise back here on earth, by HIS grace that's about to be showered upon us through the funding of H. MARTIN FOUNDATION Far East Humanitarian Services.

There is truly a time and a purpose for everything under the sun and the time for this blessing is now. Many laughed at how long it has taken to get here. Some dismissed us because they under-estimated what extra-ordinary things God can accomplish through ordinary people. A visit to any construction site in the early stages, is enough for a wise observer to know what type of building will be erected. The depth of the Foundation, the painstaking details, the materials put into it and even the machinery on site, announce without words that this is not a poultry farm, but a high rise building.

Our World Chairman, Abba Martin Eddy Hornido Tirwatadinata, and Vice World Chairman, Ms. Flor Lat Villapando, are living examples who make our excuses dim in the light of what it has cost them to bring HMF to humanity. We can trust GOD who has begun a good work...to complete it.

It has been a long journey but see how far we've come. While it costs a lot to be a leader like you know, it costs everything to be The Leader. This is especially true in God's program where nothing less than excellent will do. This is a divine response to the global question by many, especially the poor, "Where is God?" This is God's answer to the prayers of many people, "The H. MARTIN FOUNDATION Far East Humanitarian Services!"
