(Sent to all the Mayors within the United States of America)

Dear Mayor ...,

In recognition of your remarkable and commendable efforts to revamp our ailing economy, we would like to introduce H. MARTIN FOUNDATION Far East Humanitarian Services (HMF), which is being structured as a Worldwide Humanitarian Funding Institution. We believe HMF with its vast assets and resources can provide the much needed "new infusion" of programs and services, which will create massive employment and rejuvenate our economy with the collaboration of the city you represent.

HMF is about to launch its wide spectrum of programs and services for the poor and working poor, beginning with the First Two Projects approved for funding by the Founder / World Chairman:

1. FREE CHILDCARE and BEFORE & AFTER SCHOOL PROGRAMS
<http://www.youtube.com/user/TheHMARTINFOUNDATION>
2. SCHOLARSHIP PROGRAMS for all academic and vocational levels
<http://www.youtube.com/user/TheHMARTINFOUNDATION>

The implementation of these programs and services will be done **in collaboration** with the Federal / National, State and Local Governments of the United States of America and existing humanitarian organizations. Since we share a common vision of keeping America in its position as a world leader, HMF can offer **funding** to create, sustain and expand programs and services in these economically challenging times including some that are no longer available and/or being cut back.

These Programs and Services will include:

- Facilities in our proposed Humanitarian Services Mall – The H. MARTIN Global Community Center for Success (HMGCCS) in which we will utilize malls and US military bases that have been closed
- State-of-the-art facilities, complete with equipment, supplies and utilities needed for the success of the programs
- Creation of massive Employment Opportunities with salaries (honorariums) and complete benefits for all staff and volunteers of participating humanitarian organizations in the implementation, ALL to be **FUNDED** by H. MARTIN FOUNDATION Far East Humanitarian Services

See for yourself the uniqueness and enormity of our Educational Programs at www.hmartinfoundation.org to discover more about the HMF's Vision and what we can offer to the people of your city. We consider the City of Sacramento to be potentially of great strategic value to our objectives.

We therefore ask you to:

1. Please support this solution for the people of America and the humanitarian sector by notifying your constituents and encouraging them to **petition** and support the establishment of HMF (H. MARTIN FOUNDATION Far East Humanitarian Services USA.) which is going to be the International Main Headquarters with branch offices in every state, city and community, **in collaboration** with the Federal / National, State and Local Governments. Our website, www.hmartinfoundation.org has all the instructions on how to do the petition.
2. Due to the enormity of the HMF's Programs and Services and the magnitude of the HMF Assets to back them up, the cooperation and collaboration of the Federal / National, State and Local Governments is very important to expedite the implementation of the HMF's humanitarian programs and services. Please urge your city council and constituents to support this mission which will create massive employment opportunities. Any help you can provide in this matter will be greatly beneficial to the people of the City of Sacramento.
3. Please consider this as an invitation to collaborate and work with us in the implementation of the HMF's Programs and Services. Experienced leaders with compassion like you are an asset and vital to this collaborative effort.
